

RUMiCELL

An innovation in animal health

Contains a potent active dry yeast to assist in rumen control.

Includes Bacillus Subtillis strain of bacteria to assist in udder health.

Multi strain protected bacteria to assist in immune function.

A total of 38.8 billion cfu's of beneficial bacteria per daily 10 gram dose.

RUMiCELL

A multi strain probiotic blend for optimum cow health.

Key features

An unmatched 38.8 Billion cfu's of combined bacteria in a daily 10gram dose for less than 10c per head per day.

- 1 Rumen stabilisation -P7 Active dry yeast to improve rumen pH- reducing the risk of Sub Acute Ruminant Acidosis (SARA).
- 1 Increased fibre breakdown and utilisation and overall increase in anaerobic population.
- 1 Increased microbial protein.
- 2 Bacillus Subtillis and 4 other probiotic bacteria formulated to assist in improving general herd health, immune function, reduce cell count and mastitis.

Functions of RUMiCELL
